PROJECT EXPERIENCE

Rum Education Program - Yellowbelly

- Designed and wrote an all-encompassing 8 week curriculum
- Integrated the program into the restaurants weekly lineups
- Standardized training process to ensure future team success

WORK EXPERIENCE

Lead Bartender — Yellowbelly Restaurant, St. Louis

September 2018 - Present

- Created systems of organization, inventory management, and practices in cleanliness as part of opening a new business.
- Designed a rum education program to increase the shared knowledge of the front of house staff and bar team

Bar Manager — Ellē, Washington, D.C.

January 2018 - August 2018

- Collaborated with the bar team to create a rotating cocktail menu focused on unique and seasonal ingredients that paired with small plates from our dinner menu.
- Managed inventory, ordering, opening and closing procedures, training of new hires, and staff education.

Bartender — Columbia Room, Washington, D.C.

January 2016 - July 2017

- Opened a new high-end concept with a small team and took part in a months-long training and knowledge-building program
- Recognized nationally for outstanding service, hospitality, and professionalism

EDUCATION

LaunchCode, LC101 Programming Course — 2020
